## **A. Miklos VIDEO SERVICES BRINGS HOLLYWOOD TECHNOLOGY TO CLEVELAND**

Cleveland, OH - Tony Miklos of A. Miklos Video Services has introduced the newest state-of-the-art video production and editing technology to Cleveland by attending a recent training session in Indianapolis, IN. Tony, formerly with Birch Services, recently completed intensive training programs in video production and editing, as well as DVD authoring utilizing the latest technology in video software, described as "the heart and soul of the video editing business". The training was conducted as part of a series of workshops, presented by Indianapolis based HVSI, the nation's largest and most successful home video studio chain. Jason Jacobson and Frank Rohmer, of Video Consultants, inc. (Irvine, ca), among others, served as instructors, and call the technology used by A. Miklos Video Services the "absolute finest software for video editing available today".

Utilizing Final Cut Pro v4.0 and DVD Studio Pro v2.0, A. Miklos Video Services utilizes the same technology that was used in the recently released feature motion picture 'Cold Mountain'. Final Cut Pro is also used to edit the Network television show 'Scrubs'. "This technology allows for maximum flexibility in our editing and DVD authoring to produce Hollywood style videos and DVD's, without the Hollywood costs," remarked Tony Miklos.

Photo Keepsake Videos, one of the most popular services provided by A. Miklos video services, uses cutting edge technology in capturing photographs, music, titles, narration, and special effects, to produce a video keepsake that will provide memories for a lifetime. These have been popular for weddings, graduations, birthday & retirement parties, anniversaries, memorials, and new additions to the family...etc.

Meeting the needs for both individuals and businesses, A. Miklos Video Services offers a wide range of video services including tape duplication, video editing, video to DVD transfers, photo video keepsakes, sports scholarship videos, legal video services, slide and home movie transfers, and much more. A. Miklos Video Services is a member of the home video studio TakeONE network, a nationwide association of professional video companies created by an award winning producer-director Robert Hanley (Indianapolis, IN).
